ATTENTION Parent/Guardians: We have gone "green." Each year we use thousands of sheets of paper for our communication with families. Most people have computers so we will put all of our religious education related information on our parish website. **Accessing our parish website** is easy go to www.ChurchofTheSacredHeart.net and click on the link for Religious Education. **Here you will be able to view and download the Program Handbook 2010-2011, monthly newsletters, as well as any other important information.** Students in levels 1 to 6 are required to fill out a Mass page telling about their Mass experience **every weekend**. Our teachers will **follow Mass attendance weekly**. Please print the page and have your child/children complete this form and return to class each week. **Please remember family attendance at Mass is of the utmost importance and is mandatory for the entire year (All Sundays and Holy Days of Obligation), not just during the school year.** Please help us to be better stewards of the earth. If you do not have a computer at home and will need a hard copy of yearly and monthly information, please let us know, and we will send all information home with your youngest child in the program monthly. If you should need to reach our office by phone the number is 908 756-0633 #43. Thank you!!
